PERSONAL STATMENT

I am a self-motivated, creative, and ambitious web developer who loves problem solving, and who would like to join a team of like-minded developers. I am continually evaluating and upgrading my skills so that I stay at the cutting edge of web development. I consider myself to be a hard worker with a solid work ethic who exerts optimal effort to ensure all tasks given to me are completed on time and to the highest standards. Right now I am looking for a suitable opportunity that will not only take my career to the next level, but will also allow me to work alongside a very specialised team.
